4:07 PM **Caleb**: I'm still really groggy.

45 minutes

4:53 PM **me**: I'm going to be on Russia Today tomorrow night

5 minutes

4:58 PM **me**: I'll tell everyone that you're all groggy
4:59 PM **Caleb**: You're going to be on Russia Today tomorrow night?
me: yep
5:00 PM **Caleb**: Elaborate.
5:01 PM **me**: they sent me an e-mail
5:02 PM asked me to appear on Russia Today
in regards to my VF article, Hastings, and other things
so I'll be doing that via web cam
as they have no Dallas studio
now, the question is
do I mention Putin's false flag attacks?
it will be live
5:03 PM **Caleb**: Via your web cam?
me: yes
unless I find a better one
5:04 PM **Caleb**: Do they understand how shitty that's going to look?
5:06 PM **me**: no
they know what they're doing
seeing as how my web cam works perfectly
and it was their suggestion
so they've clearly done it before
5:07 PM **Caleb**: The fools.
